Autumn Half Term 1 Newsletter St Christopher – Y5/6

Important:

PE/swimming
on

Wednesdays

(Please remember to
bring your child to
school with a
swimming bag)

Welcome to St Christopher! We are excited to begin our learning together. We have wonderful topics ahead of us and look forward to getting to know you all over this year. Thank you. Mr Abbott and Mrs Yearby.

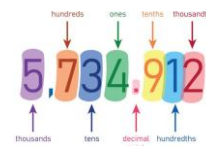

English:

We will be working on our place value of punctuation and grammar in St Christopher to lay the foundations for the work we will be doing over the course of this academic year.

Maths:

We will be looking at the core concepts that underpin maths (Place value, addition, subtraction, multiplication and division) before moving on and working with everyone's favourite FRACTIONS!

RE:

Creation will be the beginning of our studies in Y6 which will lead us on to learn about the covenants with a particular focus on the New Covenant.

History:

The Islamic Golden Age will be our first historical adventure in school. We will learn all about the trade and politics around Baghdad.

Science/Understanding the world:

Year 5/6 will be exploring the world of living things and their habitats this half term. They will be classifying plants, animals and grouping organisms before having a look at the work of Carl Linnaeus.

Art:

Our first focus in drawing, like in other subjects, we will be focusing on practising those foundational skills that underpin the subject.

Music:

We will be working on rhythmic devices and structure one of the key building blocks to any good musical piece.
